THE BUILDER

Smoothing a cypress beam  
With a scarred hand,  
I saw a carpenter  
In a far land.

Down past the flat roofs  
Poured the white sun;  
But still he bent his back,  
The patient one.

"Who art thou, carpenter,  
Of the bowed head;  
And what buildest thou?"  
"Heaven," he said.

## SUPERINTENDENT

### MEMBERS OF THE CLASS OF 1986:

Please accept our congratulations on the occasion of your graduation from Winthrop High School. For many of you this marks the culmination of thirteen years in the public schools of our community. We have been proud to serve you and we are a better school system because of what you have contributed.

We wish you well as you meet the challenges that lie ahead and we urge you to retain the sense of enthusiasm and commitment that you have displayed during your school years. May your future be filled with the joy and happiness you deserve.

Members of the Class of 1986:

You are one of the most enthusiastic, motivated classes I have encountered in my fifteen years as principal. This beautiful year-book is merely one of your outstanding achievements. It will certainly be a treasure in the years to come as you plan your class reunions, or casually browse through it to recall friends and activities which have been so important to you.

We have something in common. I, too, am "graduating" this year after thirty four years as a teacher, coach and administrator. It is obvious, then, that this class will be "special" to me for it will be my last class.

I sincerely hope that your academic work and your extra curricular activities have helped to lay the foundation for your future success as happy, responsible members of society.

Good luck.

MESSAGE TO THE CLASS OF 1986

I am pleased to see that the Class of 1986 is continuing the traditions of the outstanding classes before you. Already you have shown enthusiasm, cooperation, determination and have set a course for an admirable school year.

With this class your principal will retire, and what could be a more fitting tribute to him than to graduate a class that demonstrates all the characteristics of a well rounded education.

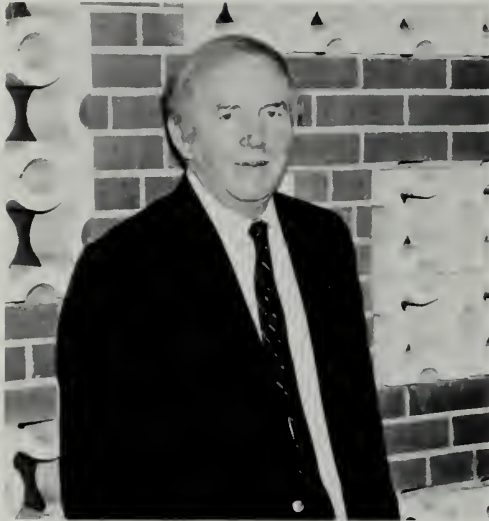

I wish both the Class of 86 and your principal Mr. John Domenico the very best in all your future endeavors

But we'll always remember all our  
friends  
And our fulfilled high school days . .

Now the yearbook is complete,  
Take a real good look.  
You'll see all the hard work done  
By the editors of the book . .

Thanks to all who gave their help,  
And our supporters too.

# FAREWELL

Look to this day  
for it is life  
the very life of life  
In its brief course lie all  
the realities and truths of existence  
the joy of growth  
the splendor of action  
the glory of power  
For yesterday is but a memory  
And tomorrow is only a vision  
But today well lived  
makes every yesterday a memory of happiness  
and every tomorrow a vision of hope  
Look well, therefore, to this day!
